

Should We Say Goodbye

Lyrics and Music by Debby Circle and Jimmy Steffen

Should we say goodbye?
Is it finally over?
Knowing we can't live a lie
Let's live with no regrets
Let's leave with no regrets

Should we say goodbye
We're holding on to moments
All our memories fill my heart
It hurts to let us go
But the hurting lets us go

We tried so hard, we loved so hard
It's only fair it dies so hard

Should we say goodbye?
Is forever over?
Would you really change a thing?
I wouldn't if I could
I wouldn't if I could

Sometimes what love is meant to be
Isn't what we meant at all

I can't say goodbye,
But I can say I loved you
Hearts stay closer than we know
I'll be there when you call
I guess it's never over at all, at all

Should we say goodbye, is it ever over?
Should we say goodbye, is it ever over?
Should we say goodbye,
I guess it's never over
