

We Are Here To Give Love

Lyrics and Music by Holly Circle and Jimmy Steffen

Through the tides of time, in my heart you'll always find
We're always one, listen in
I'll be there when you call, never very far
We're always one

The message is so clear; we have no need to fear
We're always one, listen in
Free yourself, believe me
Giving is receiving
Always one, listen in

We are here to give love, sweet love
Sweet love
We are here to give love, your love, my love, our love
We are here to give love, sweet love
We've got the power
We are here to give love – change the world

Starting today, we know the truth
We are free, from all doubt
Here to love, what life's about
What life's all about!
